WTS Klient Group responds to the upcoming taxation trends by occupying a new job position

Budapest, 21st of November 2016. – **The WTS Klient Group, which also functions as the centre for WTS Global in Central and Eastern Europe, introduced in October the new position of the Regional Business Development Director. The company occupied this position with Tamás Dely.**

According to the opinion of the international consulting network WTS Global, four megatrends are going to be relevant for the taxation sector in 2017. Besides the further digitalization of the taxation procedure and the separation of auditing and tax consultancy, the key concepts of the next year will be **Tax Compliance Management** and **BEPS** (Base Erosion and Profit Shifting). For the regional coordination of those trends in the network and the arrangement of the transnational customer service, is WTS Klient in charge. Furthermore they are responsible for the implementation of the German development in the region, as well as for the establishment of the proven methods.

On the basis of their important role in the network and for the coping with future challenges, the Hungarian representative ,and headquarter for the coordination of Central and Eastern Europe, introduced the new position of the Regional Business Development Manager. For this position the WTS Klient Group commissioned Tamás Dely, who is in charge for the tasks of Business Development and Management of the Central and Eastern European region since the beginning of October. “Not only our customers, but also the WTS network values our nearly 20 years of experience, by giving us the responsibility of coordinating the CEE region. With the new position we want to strengthen our presence in the Hungarian consulting market.” – said Tamás Dely

WTS Global, which has its headquarter in Munich, is an international network of consulting firms in the field of tax, legal and accounting consulting. The network was founded by its German member, which consults nowadays 21 of the 30 DAX companies. Together with its cooperation partners the network is today active in 130 countries, including 23 Central and Eastern European countries.
