

A black and white photograph of a hand holding a crystal ball. The crystal ball is positioned in the center of the frame, resting on the palm of a hand. The background is a hypnotic spiral that creates a sense of depth and movement, drawing the eye towards the center. The overall composition is balanced and visually striking.

WTS

**WTS Klient**  
People you can rely on

We want to be a trusted partner for our clients, a place where our staff can safely rely on their colleagues' expertise and support. We consider our staff to be the main driving forces of our corporate philosophy, combining a thorough knowledge of Hungarian laws with a cross-border mindset embracing the interests of entire corporate groups. Their continuous professional and linguistic training guarantees that our clients always receive the most up-to-date, professional and comprehensible answers to their questions. People you can rely on.

## WHO WE ARE

We established the first firm of the Klient Group in 1998 to provide bookkeeping, tax as well as various other financial administrative services in compliance with both international and Hungarian regulations. Our firm provides complex business consultancy services for our clients.

## OUR EXPERTS

You can rely on our highly qualified staff, who are committed to their profession and conscientious in their work. We strive for flexibility in the interests of our clients, while delivering quality work.
